## Dirt Bag, Inc. Unveils Innovative Printer Dust Covers

**February 5, 2007**—Dirt Bag, Inc. announces an improvement to their Computer Dust Filter product line with a sleek new Printer Cover. Engineered to protect your printer from dust when in use, the new design features a clear vinyl flap that allows you to see and access printed documents. Dirt Bag, Inc. specializes in patented technology PC filters that purify incoming air, preventing costly maintenance for computer systems.

Prolong the life of your printer with a Dirt Bag dust filter. Keep your printers clean, cool and clear with our custom-fit dust covers. These unique covers work best on printers that discharge the printed paper on top. Slip covers allow your printers to breathe, while protecting from dirt and dust. Installed in less than one minute, this tailored dust cover comes with a money-back guarantee. Order now to protect your costly investments! For more information, go to [www.dirtdbag.biz](http://www.dirtdbag.biz) or call 1-800-291-7191.
